COUNTY ROAD BONDS DRUG ON MARKET

ANTONE BOREL OFFERS TO BUY $25,000 WORTH AT PAR. WAS ONLY BIDDER.

The Board of Supervisors met in adjourned session Monday, June 30th, there being present Wm. H. Brown presiding, D. E. Blackburn, Jas. T. Casey, Jos. M. Francis and John MacBain.

The clerk announced that nominations were in order to fill two vacancies in the Board of Education. MacBain nominated S. P. McCrea and Blackburn nominated W. J. Savage. Both nominees were elected to succeed themselves.

A telegram was received from the Harris Savings Bank of Chicago, offering to purchase the county road bonds below par. The communication was ordered filed.

A communication was received from the San Francisco Society for the Prevention of Tuberculosis, calling the board's attention to the destitue condition of Mrs. Cecconi at Daly City, she being the mother of several small children, and a sufferer from tuberculosis in its last stages. It was recommended that she be removed to the county hospital.

On motion of MacBain, seconded by Casey, the matter was referred to Casey with power to take immediate action

One bid was received for the county road bonds, that of A. Borel, who offered to take the following amounts: Three thousand dollars of the 1930 issue, $3000 of the 1932 issue, $3000 of the 1934 issue $5000 of the 1936 issue, $5000 of the 1938 issue, $3000 of the 1940 issue and $3000 of the 1942 issue, making a total of $25,000, at par.

After some discussion action on the bid was postponed until July 7th on motion of MacBain, seconded by Francis.

H. A. Mason, the board's special representative in the bond matter, stated that the present stringency in the bond market was due to recent large issues and the additional fact that the money question is in an unsettled condition, due to probable changes in the currency regulations by Congress. He hoped that within thirty days there would be a change.

On motion of MacBain, seconded by Casey, the clerk was directed to return the proof of the road bonds submitted by Mysell-Rollins of San Francisco with the information that the work was not satisfactory.

Surveyor Neuman stated that the Folger and Preston interests were dissatisfied with the route of the proposed road through their property, leading to La Honda.

MacBain explained that the survey which had been adopted was made several years ago and since that time Mr. Folger had made improvements costing many thousands of dollars which were on the proposed route. He thought it no more than fair to Mr. Folger that an effort be made to secure a route that would not spoil his property.

On motion of Blackburn, seconded by Casey, the matter was referred to the surveyor and Mr. MacBain to adjust if possible.

Plans and specifications for a reinforced concrete bridge on the La Honda road near San Gregorio were adopted on motion of Blackburn, seconded by Francis, and the clerk was directed to advertise for bids for constructing the same.

Plans and specifications for a concrete bridge on School street at Colma were adopted on motion of Casey, seconded by MacBain and the clerk directed to advertise for bids for building same.

On motion of Blackburn, seconded by Casey, Francis was authorized to build a small bridge near Irish ridge in his township.

Surveyor Neuman reported that three bridges on the road leading from La Honda to San Gregorio were in bad condition, one of which needed immediate attention.

On motion of MacBain, seconded by Francis, the surveyor and Supervisor Blackburn were authorized to have the most dangerous of the bridges repaired and the surveyor will prepare plans for new bridges to replace the other two.

On motion of Casey, seconded by MacBain, the latter was authorized to purchase 36 feet of 30-inch and 108 feet of 15-inch culvert pipe for use on the Alameda de las Pulgas.

On motion of MacBain, seconded by Blackburn, Chairman Brown was authorized to purchase 38 feet of 15-inch and 100 feet of 8-inch culvert pipe.

Ordinance No. 265, repealing Ordinance 264, in so far as it relates to the open deer season, was adopted on motion of Blackburn, seconded by Francis and the open season will be from July 1st to September 1st. This action was made necessary by the Governor's failure to sign the bill establishing the game seasons.

Plans and specifications for a concrete bridge at Baden were adopted on motion of MacBain, seconded by Francis, and the clerk was directed to publish a notice calling for bids for constructing the same.

Casey stated that it was the desire of the County Board of Education that Superintendent Cloud attend the National Convention of School Superintendents at Salt Lake City. He suggested that Mr. Cloud be delegated to attend the convention and that his expenses be paid by the board.

Jas. T. O'Keefe, who is acting for District Attorney Swart during the latter's absence, stated that he knew of no law either permitting or prohibiting such an expenditure. He was of the opinion that if the board felt that it would be an advantage to sent Mr. Cloud to the convention they could do so.

Mr. Cloud was called in and stated that it was the wish of the Board of Education that he attend the convention, particularly as an effort will be made to have the next convention held in Oakland. He said his actual expenses would be under $70.

On motion of Casey, seconded by Blackburn, the superintendent was delegated to attend the convention and at the same time he was given a leave of absence from the State for thirty days.

Supervisors Brown, Casey and MacBain, the committee appointed at the last meeting to decide whether or not the participants in the Los Angeles-San Francisco auto race should be permitted to exceed the speed limit in passing through this county, reported that they had decided in the negative and their action was ratified.

The committee appointed at the last meeting to investigate the matter of paying a portion of the cost of making the survey of the State road from Santa Clara into the Redwood Park, made a partial report and were granted until the next meeting, July 7th, to make a complete report. The matter of constructing a road to connect the La Honda road and the State highway on the mountain top is being considered by the board.

Watchman Fractures Limb

C. H. Offerman, one of Redwood City's oldest citizens, met with a painful accident Friday night that will make him an invalid for many months. He had been employed as night watchman at the Foresters' hall which is being erected on Phelps street, and while walking about the building stepped into an opening in the floor and fractured the bones of his left leg. Mr. Offerman lay for several hours before he could summon help, after which he was removed to his home and given surgical attention. On account of his age Mr. Offerman's injury is considered serious.

FORESTERS WILL LAY CORNERSTONE

The members of Court Madrone, Foresters of America, will lay the cornerstone of their new hall on Phelps street on Sunday afternoon at 3 o'clock. Arrangements are in progress to make the event the most notable that has taken place in this city in fraternal circles. Supreme Sub Chief Ranger of the United States, Hon C. P. Rendon of Stockton, will preside and will be assisted by William Klinger the Grand Chief Ranger of California and other officers. It is expected that fully a thousand members of the order of Foresters from the cities around the bay will be present. There will be a procession led by the Foresters' band, after which the exercises will take place. The members of the order request that there be a liberal display of the national colors on that day.

Redwood Scores Again

Last Sunday Redwood defeated the Panamanians for the second time by a score of 2 to 1. The game was featured by the batting of De Nike, who secured three hits out of four trips, and the pitching of Keating who allowed but two hits. On July 4th, the locals will play Burlingame the first game of a series for the county championship. On Sunday the locals will play San Mateo the third game. The game Sunday will be delayed till 3:30 on account of the laying of the cornerstone of the Foresters' building.

Mr. and Mrs. Archer Kincaid will leave in a few days for La Honda to spend a vacation of two weeks. They will be the guests of the Hanson log cabin while there.

QUICK ACTION PLEASES ALL REDWOOD CITY

Everybody in Redwood City who has tried it for bowel and stomach trouble, is more than pleased with the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. JUST A SINGLE DOSE usually relieves sour stomach, gas on the stomach and constipation QUICKLY. Those who have been using the more ordinary bowel and stomach remedies say that Adler-i-ka is a big surprise. A. D. Walsh Co., Druggists.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SAN BRUNO NOTES.

At 1 o'clock Thursday morning George Debenedetti, while conducting a friend from a meeting of the Harmonie Club to the car station, discovered the saloon property conducted by M. Lamm and owned by Mrs. dward Cordes, in flames. An alarm was given and the near by neighbors responded to find the store of Kate Sullivan in immediate danger. Fortunately a two-inch hydrant was close at hand, and securing the hose from the post office building the heat from the burning structure was checked. In the mean time San Mateo and Burlingame and San Mateo were reached by telephone and their aid requested, for with the possible destruction of the Sullivan building, three other buildings would be doomed. The Burlingame fire apparatus reached San Bruno in seven minutes and with the combined efforts of the fire fighters the blaze was soon under control. The cause of the fire is unknown, its origin being in the kitchen department. The fire fighters of San Bruno are to be congratulated for the heroism with which they withstood the intense heat and smoke, working swather in wet sacks. Theburned building was insured for $1500, while Lamm's loss was covered by a policy for $1000.

The San Bruno Camp, Woodmen of the World, will attend the great log rolling class initiation on the evening of July 11th at San Mateo. Reservations have been made for 30 or more to go over the State highway in a straw-ride and to join the great parade on the streets of San Mateo at 8 o'clock. The coach will leave Carpenters' hall at 7 o'clock. All members are requested to be prompt.

A birthday surprise was the feature of the entertainment given by the Yeomen last Tusday night. Two popular members, Mrs. E. J. Tucker and Mrs. W. Muller, who have taken great interest in the welfare of the organization and whose birthdays fell on the same day, were the recipientsof special congratulations by the members and their families. A fine supper was partaken of after which the Harmonie orchestra set the pace for the dance which lasted until 12 o'clock. The Foreman, Pete Bollinger, whose courage is undaunted, announced that the anniversaries were the 16th and 17th, to which all agreed as the young people looked so full of happiness and thankfulness, which they expressed in neat little speeches.

Last Tuesday morning Mrs. A. Doyer, of the Fourth addition, was taken to the Red Cross hospital under the direction of Dr. Smith and successfully operated upon for appendicitis.

Mrs. J. Struminsky, of Belle Air, is suffering from a severe attack of pneumonia. Dr. Bohm entertains strong hopes of her ultimate recovery.

The committee having charge of the incorporation dance are meeting with the greatest success in disposing of tickets. They have the full confidence of the people. The reports are that the people are almost unanimous for incorporation, the opposition being confined to a few who are actuated by personal reasons with which the progressive people have no concern. Replies from all aof the organizations to letters from the secretary have been recived pledging their support to the dance and inclosing substantial donations to the funds.

SOUTH SAN FRANCISCO.

After a rather extensive investigation of the subject the local Chamber of Commerce has gone on record as opposing a reduction of the number of saloons of this city, and at the last meeting of the city council a protest against such contemplated action was filed. The basis of the protest is grounded in the assertion that a reduction in the number of drinking-place licenses would result in an increase in the number of vacant buildings due to the putting out of business some of the places now conducted as hotels, as well as saloons, and add to the number of unemployed.

Jules Ginier, who recently purchased the house on Linden avenue from F. A. Cunningham, is now occupying the place with his family.

G. Knatinsky, who is now employed at the W. P. Fuller works, has moved with his family into one of the houses belonging to the Bank of South San Francisco on Railroad avenue. Mr. Knatinsky was formerly a resident of Redwood City.

F. M. Florence, manager of the local district of the Pacific Gas and Electric Company, has filed with the city council a complaint that the street lighting system of the city is being seriously interferred with by the cutting of the wires and has asked that the authorities assist in protection of the property.

BELMONT NOTES.

Dr. A. M. Gardner, proprietor of the Belmont Sanitarium, passed away Saturday after a prolonged illness. Dr. Gardner was one of the most noted experts in the treatment of nercous diseases in the United States. He is survived by his wife and two grown up children. His burial takes places today under the auspices of the Knight Templar.

Mrs. Thomas has resigned her position as principal of the Belmont public school and intends leaving shortly for Los Angeles county, where she will reside. Her position will be filled by Mrs. F. Williams of San Francisco.

Mrs. Albert Hansen is visiting her mother at Los Gatos.

Little Mary Convey, who attends the convent at Redwood City, came home to spend her vacation with Mr. and Mrs. Louie Hansen.

Mrs. Arndt and two children spent the past week with her sister Mrs. Hyne.

SAN MATEO AND BURLINGAME.

The Burlingame Country Club is holding an elaborate celebration of the National holiday this year, consisting of a golf tournament, a club dinner and fireworks and dance. The first rounds of the golf tourney were played on the morning of the Fourth, to be continued by contests on Saturday and Sunday.

Burlingame is enjoying a season of unusual building activity. During the past month contracts have been let for the building of four handsome homes. The frame building occupied by the Advance as a printing office is being moved to make room for a business block to be erected for attorney Charles N. Kirkbride of San Mateo.

Death of Prominent Attorney.

Attorney C. D. Wright of San Jose passed away late Thursday evening, the result of having his leg amputated three weeks ago. The deceased injured the limb in an accident 26 years ago and had been more or less troubled with it ever since. About thirty years ago the deceased married Miss Frances Teague, a daughter of the late Judge Teague, then Superior Judge of this county. One daughter, Miss R. M. Wright, was born to the couple and she with her mother survives the aged attorney. Mr. Wright located in San Jose when a boy and practiced his profession there for forty years. The deceased was a brother-in-law of Mrs. George H. Rice, Mrs. Sarah Wentworth and Mrs. Durham of this city.

Nash's Auto Has Some Kick.

County Clerk J. H. Nash had one of the small bones in his right arm broken Monday in cranking his machine. The automobile "kicked back." The handle just missed his arm, but before he could recover his balance he fell forward, and his arm was caught between his body and the end of the front spring The impact was sufficient to break the bone. Dr. N. C. Bissell was called to set the injured limb.

The company has made arrangements with Timothy Hopkins whereby all consumers will be supplied with pure water from the artesian wells on his place. Machinery has arrived from the East and it is now being installed so that the supply will be furnished next week. Not only this locality has had to wrestle with the water question, but in almost every place in the State where the people have to depend on impounded water similar difficulties have been encountered. Owing to the past two dry seasons very little water was caught in the reservoirs and the reserve could not be let out, as this would create a famine. It is seldom that two consecutive seasons are dry in California, therefore the difficulty could hardly be avoided. The Bear Gulch Company is contemplating an auxiliary reservoir and if this is constructed there will be no future fear of a water famine nor will the present predicament be again experienced.

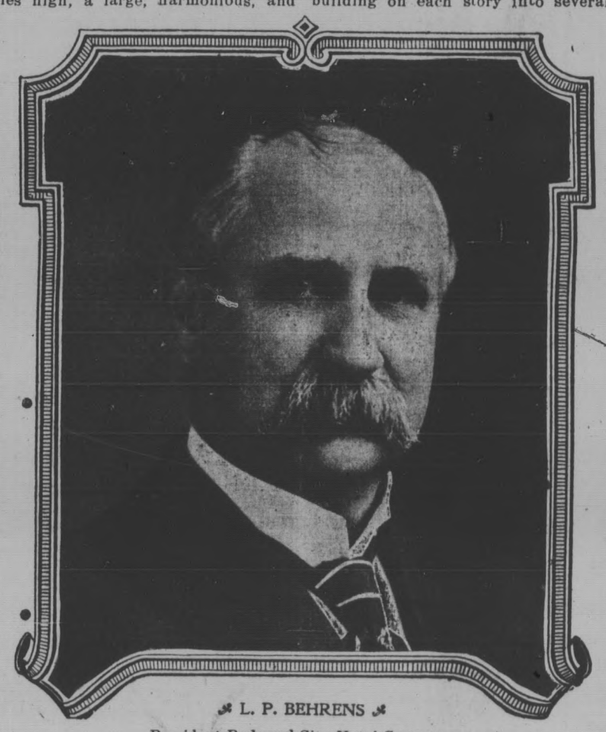
REDWOOD CITY MAY NOW BOAST OF ITS MODERN HOTEL ACCOMMODATIONS

The peninsula, between San Francisco and San Jose, has been greatly handicapped by the lack of proper hotel facilities. Since the earthquake of 1906 Redwood City has been particularly hampered, but through the promotion of C. G. Landscheit and a company of local capital the Hotel Sequoia has just been completed and opened to the public.

The Hotel Sequoia is of first-class construction, being the design of W. Garden Mitchell and Charles E. Hodges, prominent architects of San Francisco, and built by John MacBain, R. S. Jewell, Palo Alto, plumber, and Clark Rice, the plasterer. The directors of the enterprise are L. P. Behrens, president; A. J. Fromm, vice president and manager; Chas. G. Landscheit, secretary; Geo. C. Ross, treasurer; W. H. Hanson, H. D. McGarvey, and Lee T. Ross.

NEW HOTEL SEQUOIA

The hotel makes an imposing block of red brick with white trimmings, at the corner of Broadway and Main streets. It is three stories high, a large, harmonious, and well proportioned building, occupying the most desirable location in the city.



L. P. BEHRENS

President Redwood City Hotel Company

The first of its three stories is made up of seven stores, hotel foyer and office, handsome bar, dining room, and kitchen. The stores are spacious and very desirable, each having access to the rear of the building as well as fronting on the main streets. The hotel itself is handsomely furnished in the best of material. From the foyer, occupying the center of the building, there opens the stair-hall. Here entrance to the commodious dining room is made. It is an artistic room, well lighted and offering every inducement to enjoyable meals. The kitchen quarters are complete and equiped in the most up-to-date style.

CHAS. G. LANDSCHEIT

Sec'y Redwood City Hotel Company

On the second floor, directly over the foyer, is a convenient parlor. The upper floor is severed by two small parlors at the corner of the building. All corridors are light and airy.

The hotel has sixty rooms, twenty-eight of which front on main street, but every one opens to the sun. The front rooms are more expensively furnished, but otherwise all are equally desirable. Axminister carpet is used throughout, harmonizing with the mahogany, Circassian walnut, and fumed oak furnishings. There is hot and cold water for every bedroom, bathrooms and lavatories connecting every pair of rooms. Besides, there is a public lavatory and bath on each floor.

The fire protection, so frequently neglected with disasterous results, is very thorough and comprehensive, making the Hotel Sequoia unusually safe. The hotel has its own water for ordinary purposes, it allows advantageous arrangement for safeguarding the building.

Fire hose is placed on each floor, while portable extinguishers are distributed throughout the building. Aside from the substantial character of the brick construction, fire protection is supplemented by fireproof doors which can be drawn across the corridors, dividing the building on each story into several isolated parts, localizing the fire.

Althgether the Hotel Sequoia is a notable addition to peninsula hotels, promising to fulfill a long-felt want. Construction was quick, commencing in September of last year, it was turned over to the owners on March 15th of this spring.

COUNCIL HANDS SALOON MEN ANOTHER LITTLE JOLT

T. C. Rice Wins a Big Improvement Contract by Narrow Margin

Saloon keepers of Redwood City received another strong intimation from the city council at its session Monday evening that it any favors were to be expected there must be manifested a spirit of readiness to cooperate in the enforcement and strict observance of the laws of the city intended to regulate that business. The action Monday evening came following the reception of a petition from W. J. Plump, requesting that the saloons of the city be permitted to run open all night on the evening of July 3d, a favor which has frequently been granted in past years. That the request was not to have clear sailing was made manifest as soon as Clerk Plump had completed its reading, when Trustee Hahir promptly moved that the request be denied. After a momentary discussion the motion of Trustee Hahir was seconded by Trustee Deleau, who suggested that this was a splendid opportunity to emphasize the recent warning to saloon keepers that they must "be good" if they were to expect favors. Both Trustee Hahir and Deleau also strnogly criticised the plan of allowing the sale of liquor on the occasion of all night dances, which had been frequently visited by young men from the dry towns just across the southern county border line who took occasion to make nuisances of themselves by over indulging their long pent up thirst. The motion to deny the request was carried without a dissenting vote.

Apparently feeling, a little later, that possibly it might be well to allow a little favor to those who considered "booze" a necesasry adjunct to a celebration, Trustee Deelau offered a motion that Marshal Coleman be instructed to permit all saloons to keep open an extra hour on the night of the 3d. This motion received a second from Trustee Hahir and after a slight discussion was adopted, thus permitting the sale of liquor until 1 o'clock on the morning of the Fourth of July, after which indulgers in this variety of celebration will be compelled to take a few hours rest.

On the recommendation of Street Superintendent Dickey and Trustee Hynding, who had made investigations of the various wagons offered, the contract for furnishing the city with an additional sprinkling wagon was awarded to the A. L. Young Company, the lowest bidder, whose price was $442.50. According to the report there was no material difference in the quality of the wagons offered.

The contract for the construction of sidewalks and curbs was secured by T. C. Rice, the only local bidder by an extremely small margin. Although the work comprises a rather extensive job, there were but two bids received, that of Mr. Rice and one from Chas. J. Lindgren of Burlingame and it was only in the estimate of the cost of the necessary filling that these two differed. For the curbs and walks the prices submitted were the same, 42 cents per lineal foot for curbs and 14 1-2 cents per square foot for sidewalks. For the filling the bid of Mr. Lindgren was $1 per square yard, while the offer of Mr. Rice for this part of the work was 75 cents, a difference which secured the work for the local contractor. Chairman Merrill called attention to the fact that the prices for sidewalks and curbs were somewhat higher than had been charged for similar work in this city in the past and asked for an explanation of the increase. Both Mr. Rice and Mr. Lindgren answered the inquiry by calling attention to the fact that in the past work, the money for payments was on hand when the work was commenced, while under the present law the contractor was obliged to accept payment in bonds which at this time could not be realized upon even at a discount. On the recommendation of Trustee Hynding, John Christ was selected as inspector of the work at a salary of $3 per day, his employment to start with the commencement of work.

For inspector of the new street construction work, Trustee Hynding recommended the appointment of former city marshal, John Christ, who he said he considered a man exceptionally qualified for the work. The recommendation received the hearty concurrence of Chairman Merrill, and the appointment was made by a unanimous vote. The salary of the inspector was fixed at $3 per day, the employment to commence with the beginning of the work, which Contractor Rice announced would be pushed with all possible dispatch.

City Attorney Mansfield and City Engineer Sears reported that plans for the sewer work in the section west of the County road has been completed and the necessary papers drawn, but suggested that action be delayed pending a settlement of the question of securing the widening of Vera avenue which they hoped to secure within a few weeks. After a considerable discussion of conditions it was decided to obviate further delay by changing the location of the sewer in Vera avenue to a position which would be the center line of Vera avenue when widened as planned. These changes will be made and the way cleared for definite action at the meeting next Monday evening.

An ordinance providing for the closing of portions of Brewster avenue and Nevada street was introduced and given its first reading. The ordinance will come up for final consideration next Monday evening.

At his own request Nightwatchman H. G. Mansfield was granted a vacation of 15 days to begin July 5th. The appointment of a substitute was referred to the committee on health and police, Marshal Coleman not being ready to suggest a suitable person.

It was decided to proceed as rapidly as possible with the reconstruction and extension of the street lighting system, which is to be entirely remodeled and changed to the latest series system which is considered the most economical of construction and operation. The immediate direction of the work is to be under the direction of M. E. Ryan, the local electrical contractor, who has had extensive experience in this class of construction, the general supervision of the work to be under the supervision of Trustee Hynding of the street committee and City Mechanic Werder. Owing to the fact that much of the new material required must be purchased in the east, it will be about two months before actual work begins.

At his own request City Marshal Coleman was given power to appoint a motorcycle officer for the day of the Fourth. Marshal Coleman suggested that there was danger that autos on that day might attempt to evade the speed law and thus greatly endangering the safety of the public.

City Electrician Werder was granted a vacation of fifteen days, to commence next Saturday.

The numerous friends of Mr. and Mrs. Arnold Hess Jr. will be pleased to learn that the young matron is rapidly recovering from her recent illness. As a matter of fact her attack of appendicitis was sudden and severely serious, so much so that Drs. Bissel and Chapin of Redwod, assisted by Dr. Reynolds of Palo Alto, decided to perform the operation immediately, which we are glad to state was very successful.

Assessor C. D. Hayward has completed the assessment rolls of the county for the fiscal year and they will be turned over to the board of supervisors next Monday. The asessed value of the property of the county is over $30,000,000, an increase of a half a million over last year. The showing is a splendid one for the county, which demonstrates that property along the peninsula is rapidly increasing in value and is in demand by home seekers.
